

LAKESHORE ORTHODONTICS

UPDATE FROM LAKESHORE ORTHODONTICS REGARDING NEW CHECK-IN PROCEDURES DUE TO COVID-19

Lakeshore Orthodontics is dedicated to providing your family with the very best orthodontic care in a supportive and caring manner. We believe our office should be a friendly, welcoming environment that patients enjoy visiting. Due to the Covid-19 outbreak and the severity of the situation, we feel it is necessary to make changes to ensure the safety of our patients and team. The office may appear different, but our mission remains the same. We would like to share some of the changes and check-in procedures you will see at your next office visit:

You will also find hand sanitizer in the reception area and other places in the office for you to use as needed

Appointments will be managed to allow for social distancing between patients. That might mean that you're offered fewer options for scheduling appointments

Plexiglass barriers installed at our front desk and between dental chairs

The reception area will be closed to limit social contact and the number of people present at any one time

Only patients and (if necessary, in the case of minor patients) one accompanying adult should enter the office. **The patient and accompanying adult must wear a mask.** Siblings, grandparents, friends, etc. should remain in the vehicle. Patients are asked to arrive at their regularly scheduled time

The brushing station will be closed. Please brush and floss at home before coming to your appointment

We apologize for any inconvenience that these changes may cause. Thank you for your support and understanding as we do our part to help minimize the impact of Covid-19 in our community.

We miss you and look forward to seeing you all again soon! Until then stay well and keep smiling!

Dr. Charnley and the team
